

SAFETY NOTICE

Shop Pro™ RV & Marine Antifreeze Not Properly Labeled for Methanol Risks

Hazard: The improperly filled bottles contain methanol, which vapors are harmful and may be fatal or cause blindness if swallowed. Also, the directions on the bottle for properly flushing a potable water system may not adequately remove the methanol, presenting a risk of inhalation and ingestion. The labels on improperly filled bottles do not contain methanol warnings.

Recalled Product: Shop Pro™ RV & Marine Antifreeze manufactured by Prestone Products Corporation with **blue fluid** in one-gallon, clear bottles and with date code FT21281 found below the back label. If your bottle is filled with pink liquid, it is properly labeled and can be used.

Remedy: If you have used any mislabeled product in a potable water system, **DO NOT DRINK WATER FROM THE SYSTEM** and immediately call the toll-free number below for further instructions on how to properly flush the water system and for a full refund.

Call toll-free at 866-625-5322 Monday through Friday from 8 a.m. to 5 p.m. CT, or online at www.prestone.com/recall or www.prestone.com and click on Safety Notice at the bottom of the page for more information
